# About Us

Honolulu-based MC3 Technologies is a digital transformation and cybersecurity firm with more than 20 years of experience building, supporting, and integrating systems—including work with the Department of Defense and within the security industry for both the public and private sector.

Founded in 2015, MC3 Technologies is a veteran-owned, woman-owned small business that works with companies and organizations of all sizes, including the U.S. Air Force, U.S. Navy, and Defense Health Industry, plus state and local governments. The MC3 Technologies team possesses government security clearances up to Top Secret.

# Our Clients

Our portfolio is comprised of two main constituencies: firms that specialize in defense, military, and Department of Defense work, and small-to medium-sized commercial enterprises committed to digital transformation or developing a fast, secure, flexible cloud strategy.

# Government Services

MC3 Technologies is a government contractor. We are a federal and DoD subject matter expert in the development, integration, implementation, and sustainment of IT systems within the secure government and DoD framework.

We have supported contracts with the Department of Defense and U.S. Federal Agencies. These include the Defense Health Agency, US Air Force, US Navy, and DoD Office of the Inspector General, and many others.

## Our Services:

- Digital Modernization
- Cybersecurity and Compliance
- DevSecOps
- Software Development
- Project and Program Management
- CTERA & ServiceNow Partners

# Executive Team

## **Shirlene Cardenas** *Chief Executive Officer*

Shirlene Cardenas provides overall leadership and vision for the company, managing customer and major partner relationships while empowering the Management Team to ensure the delivery of critical client services.

Prior to her role as CEO of MC3 Technologies, Shirlene had a distinguished and notable 22-year career with the Hawaii Air National Guard. Since 2000, she served in increasingly influential roles ranging from knowledge operations management, human resources management, and Cyber/IT superintendent.

Shirlene remains a lifetime member of the Hawaii National Guard Enlisted Association, a volunteer with the State Advisory Council, a member of the Hawaii National Guard Na Koa Cohort, and leads all company initiatives relating to community service.

## **Michael Cardenas** *Chief Technology Officer*

Michael Cardenas is an Air Force veteran with over 22 years of broad IT experience, including IT service management, systems engineering, cybersecurity, software development, DevSecOps, digital transformation, and project management.

He has worked closely with the federal government and industry partners to develop solutions which deliver modern, secure, and sustainable digital capabilities to DoD, federal civilian, and commercial organizations.

A graduate of Hawaii Pacific University. Michael also volunteers with CyberHawaii to provide cybersecurity awareness and training to small and medium-sized businesses in Hawaii.
